

COZY NATURE HOME

Memory foam pillows in natural- fiber covers

Sleep pillows, support cushions and travel comfort,
with bamboo and TENCEL™ covers made from our
own fabric.

2026 Collection

WHY WORK WITH US

One contact, from foam to finished pillow

Natural-fiber covers

Sewn from our own bamboo viscose and TENCEL™ Lyocell fabric, not generic polyester knit.

Certified foam

CertiPUR-US® certified memory foam, die-cut or molded, from factories we visit in person.

Small runs welcome

MOQ 500 pieces per style. Custom prints and colors without a big-brand order size.

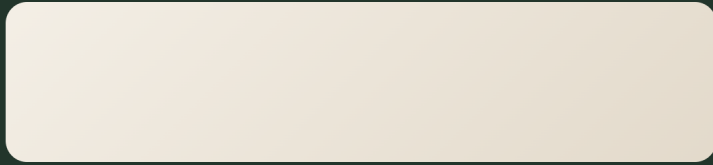

Checked on site

Based in Nantong, China's home-textile hub, next to our mills. We check samples and production ourselves.

OUR SIGNATURE COVERS

The cover is what your customer touches first

Viscose from bamboo

100% viscose made from bamboo, 300TC sateen weave. Smooth, soft and breathable. White and warm neutrals.

TENCEL™ Lyocell

60s sateen from Lenzing-certified fabric. Pilling grade 4. TENCEL™ hangtags available on approval.

Printed bamboo

Your artwork or our designs. Dark grounds are dyed before printing, so the back never shows white.

Also available: knit jersey, air-layer mesh, cooling fabric, velvet and cotton.

SLEEP PILLOWS

Classic support shapes

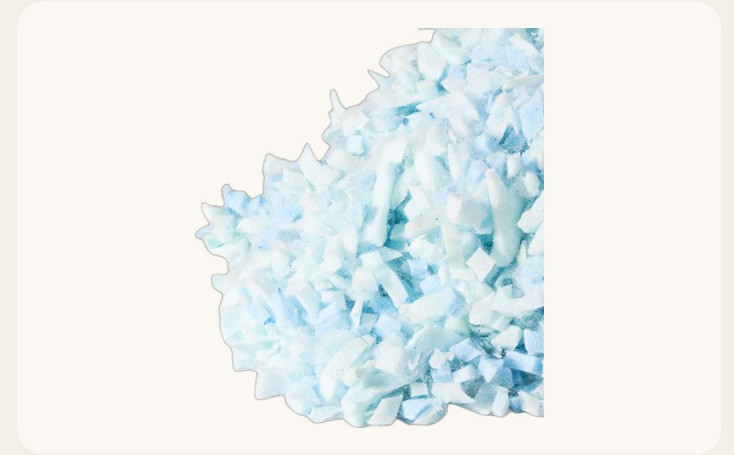

Contour pillow
